INVITATION

Dear all Participants,

Welcome to Waseda University!

It's my honour to host this symposium as an activity of Global COE Program "Global Institute for Asian Regional Integration."

It was a long way since I had a casual talk with Prof. Yoon, who is a "hidden organiser" of this symposium, about joint symposium between Korea University and Waseda University, but I enjoyed the process through which I learned how to match different objectives for this joint symposium.

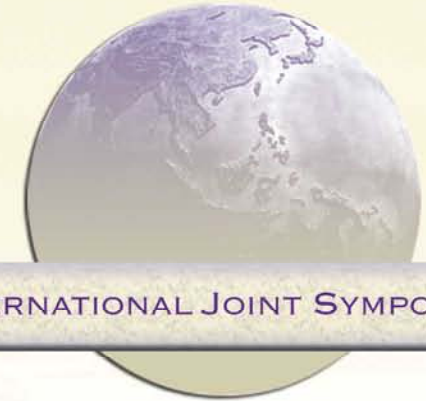

As far as I remember, we didn't have such a large-scale co-hosted joint symposium on sociology including graduate students in Japan.

Please enjoy this wonderful experience.

With compliments,

Prof. Shigeto Sonoda

(GSAPS, Secretary General of GIARI, Waseda University)
